Short Description

'064' by Gussi Italia

The '064' steering wheel is a contemporary and elegant tri-spoke design that fits well in any helm. '064' is made from anodised aluminium and is designed to withstand the harsh marine environment. As standard, this model is available in a titanium coloured anodisation with a black PU grip. The grip features added detail around the spokes for a high end look and feel.

- Anodised aluminium steering wheel with polyurethane grip

- Stainless centre cap with Gussi logo
- Universal fit
- Ø350 diameter

Description

Gussi Italia: Premium Italian Craftsmanship

Gussi Italia are renowned for their premium Italian craftsmanship, delivered high-quality steering wheels designed for boats and yachts. With a blend of innovative technology and timeless design, Gussi Italia steering wheels provide precision handling and luxury appeal. Built from durable, marine-grade materials, they offer superior performance and style, perfect for enhancing your vessel's aesthetic and functionality.

Universal Fitting & Customisable Options

The Gussi range of wheels come as standard with a 3/4" tapered key way fitting which is a very common wheel specification and should fit the majority of steering shafts. On request we are able to supply with a splined shaft (longer lead times may apply). We are able to adapt and change the finish to suit your requirements but please note that sometimes we do need a minimum order quantity to be able to make certain changes.

The 'Molinara' Gussi steering wheel is a contemporary and elegant tri-spoke design that fits well in any helm. 'Molinara' is made from anodised aluminium and is designed to withstand the harsh marine environment. As standard, this model is available in a titanium coloured anodisation with a black PU grip.
