Short Description

This 316-grade stainless steel hinge is of the highest possible quality. Machined from solid, and produced in small numbers, the hinge is not only high performing but is also beautifully crafted with a mirror polished finish. The hinge is fixed in place with 8 max. 4.5mm fixings and can operate through a 190° arc. All fixings are hidden as the main hinge body slips over the top of the fixing bracket and is secured in place using M6 grub screws.

This hinge is made to order. Please contact us for further information.
