

Sulzano Pilot Seat

Product Images

Short Description

The Sulzano pilot seat is a cost effective and beautifully finished product. Available in a number of upholstery options, the Sulzano can be customised to suit many applications. The seat features a flip-up bolster with a stainless steel mechanism, a Starboard seat base structure and foam covered GRP backrest moulding.

This pilot seat is suited to both interior and exterior installation, either on small open craft, the flybridge of a larger yacht or as an interior helm seat solution. The product is made to order, please [contact us](#) to discuss specification.

- GRP structure
- Compatible with a wide range of pedestal options
- Suitable for exterior use
- Can be produced in a wide range of fabrics, including Sileather, Silververtex and Diamante
- Heat-welded patterned fabric available for backrest and seat base [not Sileather]
- Embroidery to headrest available on request

This seat can be upholstered in one or a combination of the following materials, excluding custom embroidery or needlework:

- Sileather
- Spradling
- Italvipla

(Pictured in Sileather Premier 110 Ink / 325 Salt with Spradling Valencia piping in Terracotta 0035)

Lead time for this product is 6-7 weeks. This pilot seat is made to order.

Description

A Fully Customisable Solution

The *Sulzano* can be upholstered to suit an individual client's needs. Choose from a broad range of marine vinyls, fabrics or the innovative Sileather 100% silicone material. Choose the thread detail to suit the project whether it be self-colour or contrast. Details such as embroidered logos or quilting can all be requested to make this seat truly your own.

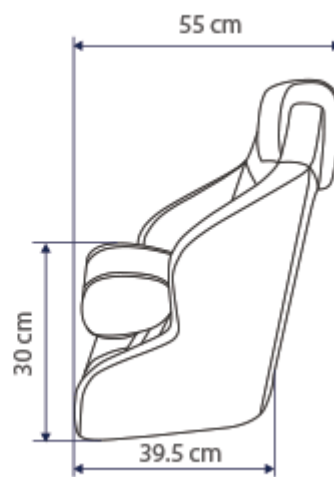

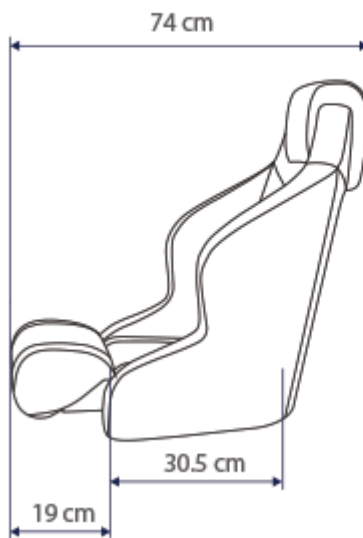

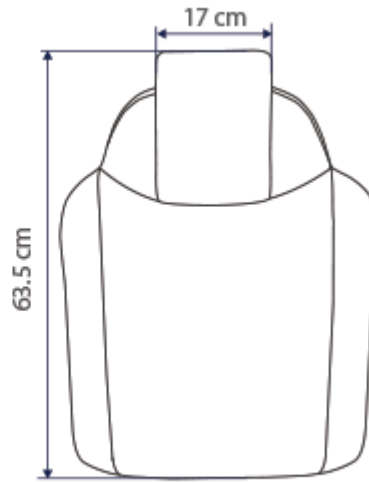

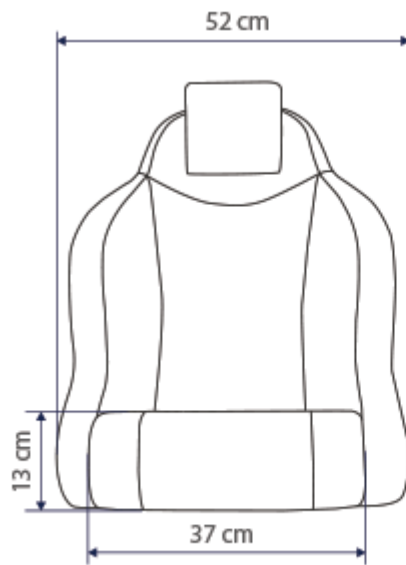

Compliment The Interior Space

Talk to us about integrating the *Sulzano* pilot seat in with the other interior (or exterior) elements. A matching steering wheel and seating arrangement can elevate the space and bring a sense of harmony to the design*.

*Minimum order quantities may apply - for marine trade clients only

Perfectly Proportioned

The *Sulzano* is compact and highly supportive. With a practical flip-up bolster, the seat is ideal for a standing or seated driving position.
