Short Description

Self-locking flexible mounting channel for use with 10mm x 10mm neon flexible strip light (3D Bend and Mini Neon Top View). This flexible mounting channel is made from marine-grade (316) stainless steel.

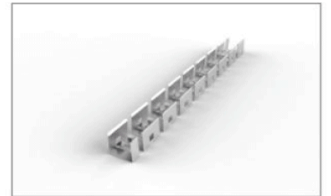

- Extrusion is available in 1m lengths only
- Ideal for curved runs of strip lighting either underwater, where a strong fixing is required along the entire length of the strip or in environments where anodised aluminium is not suitable
- Perfect mounting channel for 10mm x 10mm 3D Bend for applications where vertical and horizontal bending is necessary
