Short Description

A simple and elegant stainless steel cupboard and drawer latch with rotary knob design.

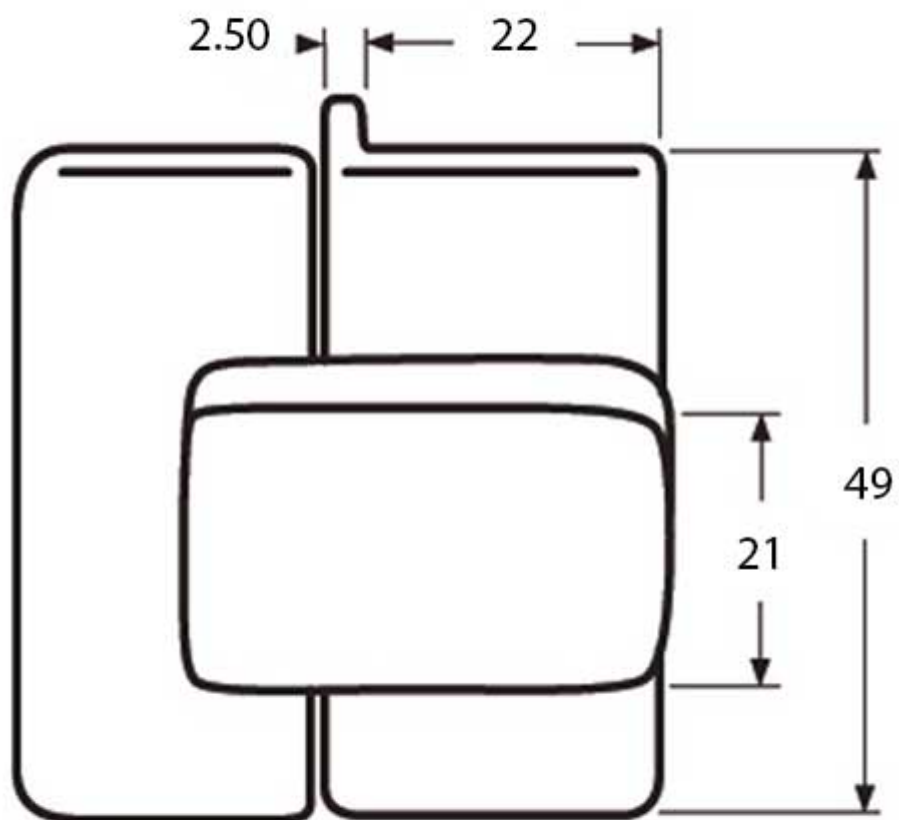

A 316-grade, stainless steel, cupboard latch with a hidden fastener for a sleek appearance. The unique design allows the knob to stay in a fixed 90° position once rotated.

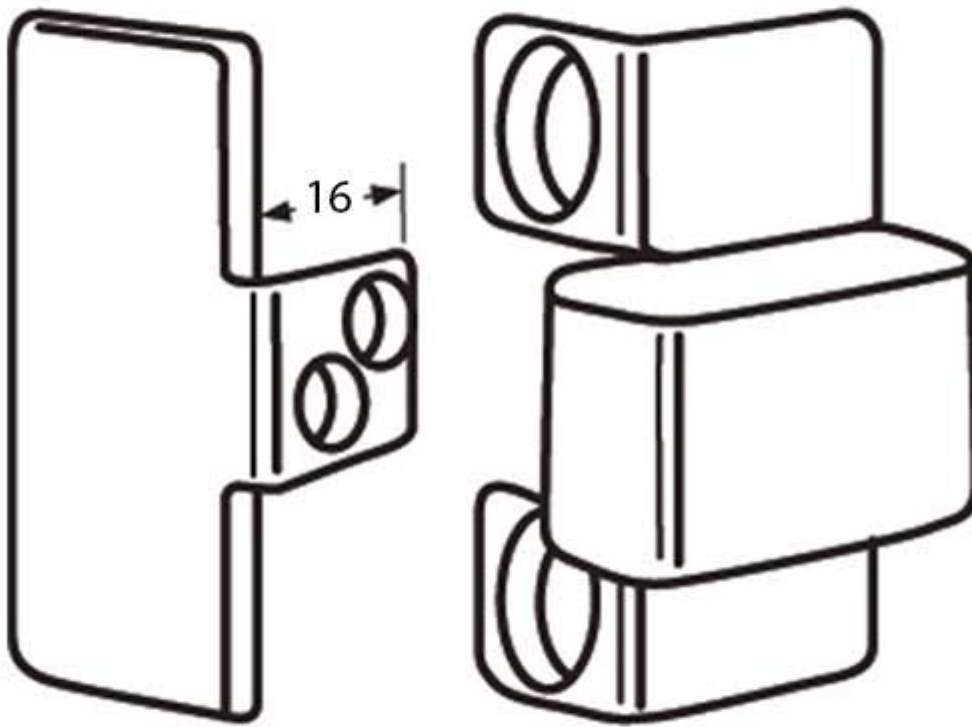

We recommend countersunk head screws DIN 7997 3.5 or 4.0mm or countersunk tapping screws DIN 7982 3.5 or 4.0mm.

Please note a minimum gap between doors / panels of 3mm is required.
