

# UP3-RK 12/24V Reversible Pump Kit 15 l/min With Panel

£305.98

Excl. Tax: £254.98

#### **Product Images**

#### **Short Description**

Diesel transfer Kit with electronic control. During priming the speed of the pump increases and the system automatically shuts off in case of empty tank and short circuit. Being equipped with a reverse-flow function system, this kit is particularly indicated for tank balancing operations on board. Now featuring the Marco

'Integrated Flange' which seals the motor for extended life of the brushes and lowering of electrical consumption.
