

UP6-RK 12/24V Reversible Pump Kit With Panel 26 l/min

£412.13

Excl. Tax: £343.44

Product Images

Short Description

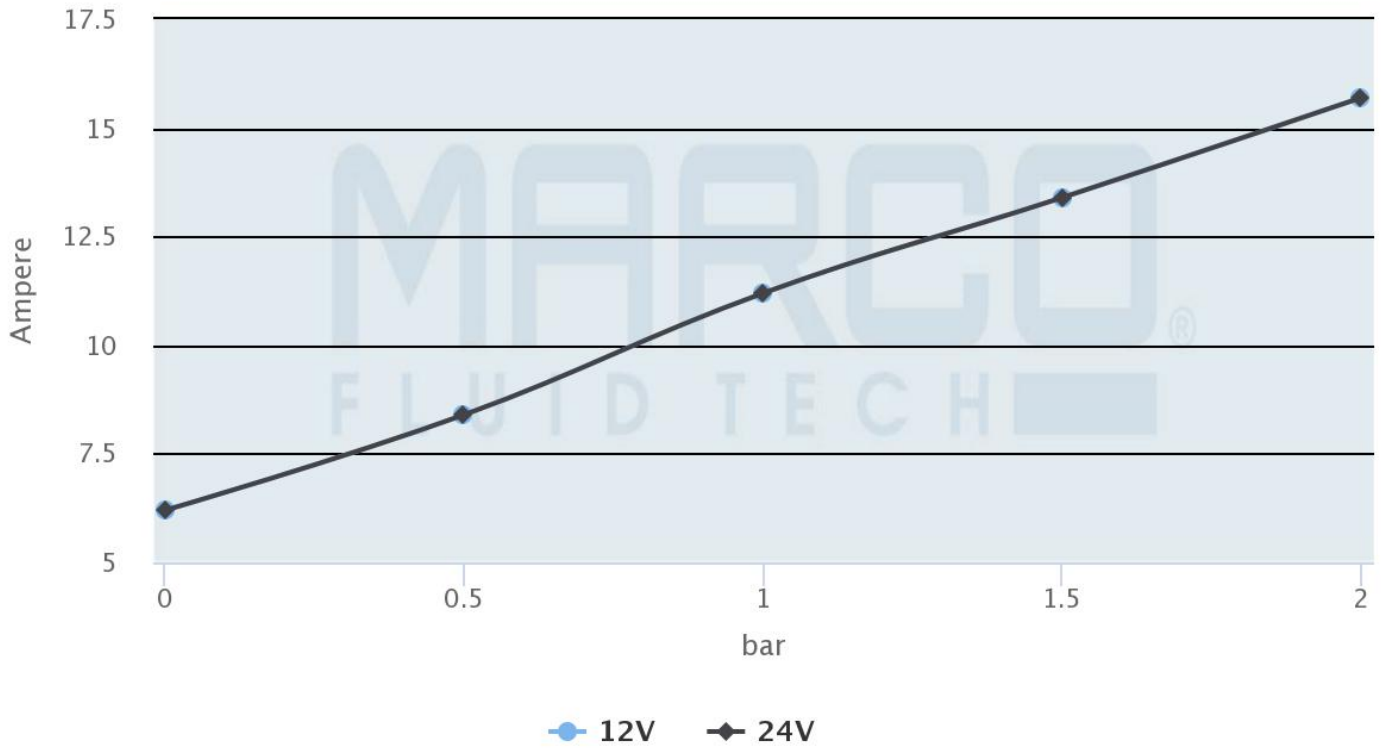

Electronically controlled pumps for oil and diesel filling and draining operations. The touchpad electronic sensor adjusts the speed of the motor according to the liquid viscosity and temperature. Compact design. Fits in any engine room. Automatic shut-off in case of empty tank, short circuit and after 30 minutes of operation.

Fittings with 1 or 2 valves available. Now featuring the Marco 'Integrated Flange' which seals the motor for extended life of the brushes and lowering of electrical consumption.
