

Ovo Thermostatic Shower Mixer & 2-Way Diverter

£274.20

Excl. Tax: £228.50

Product Images

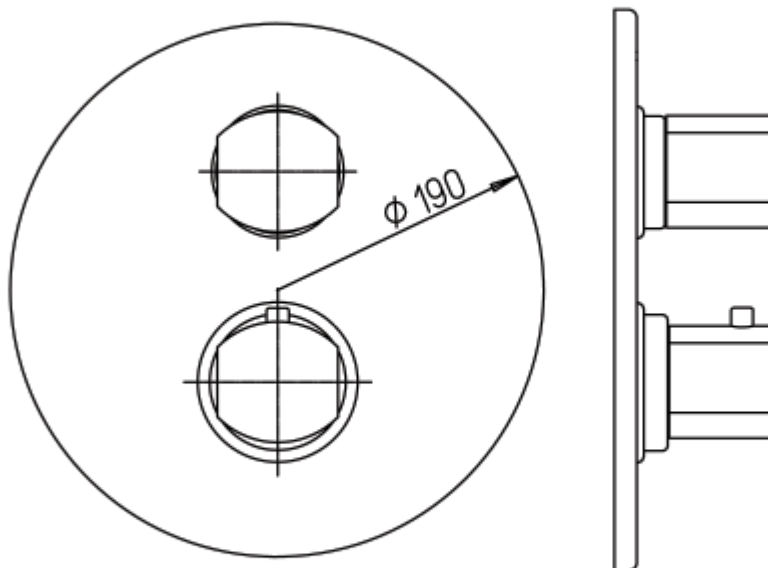

Short Description

The Ovo recessed shower mixer and 2-way diverter is an elegant and high performance product. Featuring a thermostatic type mixer, the product offers a safe showering experience thanks to the intelligent water temperature management. The 2-way diverter valve allows up to two separate outlets to be connected to the mixer such as an overhead rain shower and a hand shower.

The product is made from solid brass and is sold with a chrome plated finish.
