Short Description

A chrome plated brass shower head bracket for ceiling installation with square base and tube. This shower head bracket is designed to be ceiling mounted, providing a fixing method for larger overhead shower heads. The connection point for the shower is a threaded 1/2" BSP male type, and requires a shower with a 1/2" BSP female connection.

The shower bracket is 100mm long which also serves to lower the shower head from the ceiling. This product is supplied in a chrome plated finish. Other finishes and lengths are available on request.
