Short Description

A 316-grade stainless steel pencil shower with wall bracket & hose.

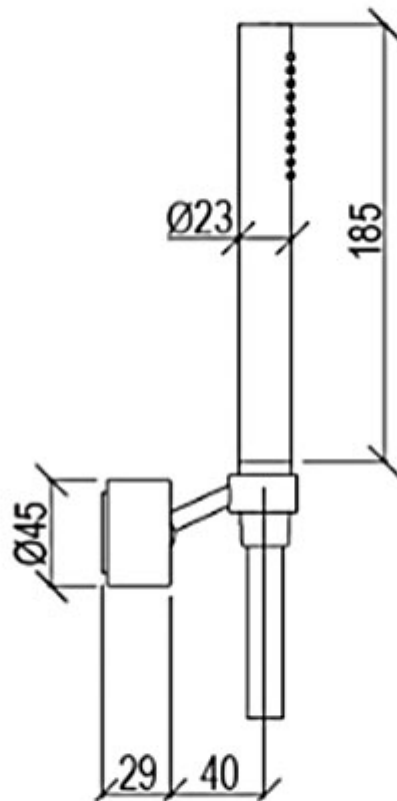

This pencil (microphone) style shower is made from marine-grade 316 stainless steel and is supplied with an adjustable wall bracket and hose. The shower is perfect for interior or exterior use and is also suitable for

healthcare applications. Marine-grade stainless steel is not only highly resistant to corrosion, but it also helps prevent bacteria build-up and therefore offers a more hygienic solution over a brass product. It is also completely lead-free.

The shower kit includes a swivel wall bracket and a flexible hose.
