Short Description

Siren Armchair by Frag Srl

Introducing Syren, an elegantly crafted armchair that marries softness with lightness. Its slender, all-metal tubular frame supports a wide leather band, which gracefully embraces the generously cushioned seat and backrest, combining form and function. The spacious seat is crafted from a single structural cushion, offering a plush presence with a striking visual appeal. Meanwhile, the back and armrests feature movable, soft cushions that adapt to the contours of the body, delivering an exceptional level of comfort.

The slim metal frame adds a contrasting lightness, infusing a touch of contemporary minimalism inspired by timeless design elements. Syren's personality shines through in its meticulous details and refined finishes, embodying both elegance and sophistication.

Expertly made in Italy by Frag Srl, Syren features a matte black painted steel frame, a backrest in premium leather, and a seat constructed from padded plywood, available in both leather and fabric options. The armrest and backrest cushions are upholstered in leather or fabric, offering versatile style choices to complement your decor.

Complete your space with the matching [sofa](#) and [dining chair](#), which bring the Syren collection's refined look to both living and dining areas.
