Short Description

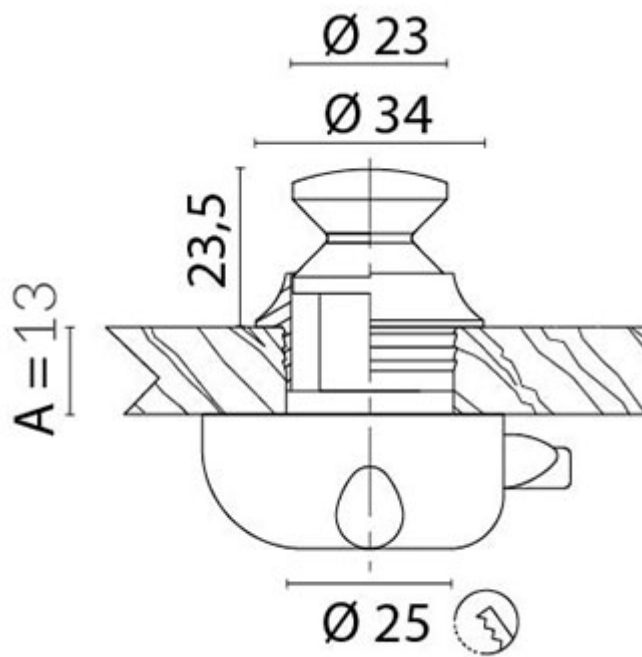

Solid brass push button for panels up to 13mm, available in brass and chrome plated finishes.

This solid brass knob and ferrule are designed for durability and a high-quality finish. Available in both brass and chrome-plated options, they add a classic touch to your cabinets. Suitable for panels up to 13mm thick, they are compatible with our push button mechanisms, excluding models 309400 and 309411.

Made in Italy by Foresti & Suardi, known for their craftsmanship and precision in marine hardware. Please note, this item is priced to clear as it is a discontinued product.
