Short Description

Magazine rack with elasticated netting supplied complete with fixing screws.

Keeping things neat and tidy, whilst also secure, this magazine and item holder is a great addition to any space on board. Available in a brass and a chrome plated brass finish, the product features an elasticated net which holds items in place even when sailing. The holder is ideal for installation on a bulkhead wall or perhaps on the rear of seating. This particular product includes the necessary fixings required for installation.
