Product Images

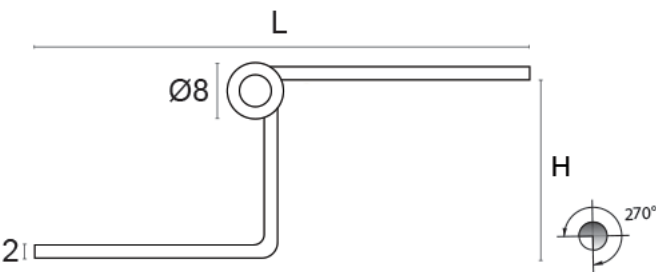

Short Description

A 304 grade stainless steel cranked hinge available in two different sizes.

Cranked hinges have an offset between the surfaces of the two leaves. This allows the hinged panel to sit at a different height to the frame, can be useful when working with different thicknesses of materials and often allows for a greater range of movement for the door panel, typically up to 180°.

Our cranked higes are available with a 20mm or 30mm crank and are made from electropolished 304-grade stainless steel.

Description

Product Code	Length (mm)	Height (mm)
40011	70.00	20.00
40012	75.00	30.00

Additional Information

Finish	304 Stainless Steel
Leaf Thickness (mm)	2.0
Hub Diameter (mm)	8
Manufacturer	Razeto & Casareto
Weight (kg)	0.030000

Product Options

Height (mm):	20.00
	30.00
