Short Description

A pressure die cast brass mortise lock for plywood doors, available in a polished brass and a chrome plated finish. This lock is suitable for 15mm thick doors and is supplied complete with handles, escutcheon plates and fastenening screws.

The 401715 is suitable for toilets and bathrooms as it is lockable from inside but, incase of emergency, access can be made from outside with a special key. The red engaged dial is fitted to the outside face plate. Chrome locks are supplied with stainless steel escutcheon plates.

Overall Dimensions - 133 x 70mm

Striker Plate Dimensions - 133 x 15mm
