Short Description

Solid brass closed handrail socket in a polished or chrome plated finish

A closed handrail socket by Foresti & Suardi, engineered from high-quality die-cast solid brass. Made to

deliver both durability and style, this handrail socket is available in two finishes: polished brass for a classic, warm look, or chrome-plated for a sleek, modern aesthetic.

Choose from two convenient sizes—130mm or 200mm in length—designed to fit internal diameters of 20mm or 22mm. Each version comes with studs and nuts included, ensuring a secure and seamless installation.
