Short Description

The Orion family of exterior-grade luminaires make an impact in any exterior lighting plan. The all-stainless steel body with visible hex head fixings suggests immediately the marine-grade quality of these fittings. The shadow gap surrounding the lens of the fitting adds further to the luminaire's effect by creating a subtle halo lighting effect when illuminated. This courtesy light version of the fitting incorporates an eyelid feature in order to shine light straight down at the floor and avoid any glare.

- 316 marine-grade stainless steel body with polycarbonate lens
- Visible hex head fixings (supplied)
- Power LED module in 3200°K or 4000°K
- IP67 ingress protection and suitable for installation in wet areas
- Slim 13mm fitting ensures it can be used in a wide range of locations
- Eyelid anti-glare design
