Short Description

The Chara courtesy lights are machined from a single piece of opaline and have an IP67 ingress protection rating. The opaline ensures that the light produced by the luminaire is soft and well diffused. The fittings have an all-white appearance when not illuminated and can therefore sit well in a number of different environment styles.

- 1.5 Watt Power LED in 3200°K or 4000°K
- 10-30Vdc input
- Interior or exterior application
- Dimmable
- Opaline body
