Short Description

The Alhena range of LED ceiling lights consists of various luminaires in a tubular form. Alhena fittings are available in a variety of lengths and diameters and are constructed from solid brass. They are extremely effective feature lights and draw attention and focus to a particular point, ideal for application above dining tables or above seating.

The Alhena 70 Top is a Ø70mm luminaire and is available in two lengths as standard although custom lengths are available on request.

- Tubular LED luminaire
- Power LED module in 3200°K or 4000°K
- Marine-grade construction

- 10-30Vdc input
