Short Description

Neoprene cover for PM2652-W tower speakers.

Description

Perfect for keeping dirt and dust out of your Wakeboard tower speakers when your boat is docked or stored for the winter. Durable neoprene is soft and will not scratch the speaker enclosure. It comes with a handy Velcro pocket for storing Allen Wrench. Easy to close Velcro strap and zipper makes installation and removal a snap. Sold in pairs.

- Durable Neoprene fabric
- Zippered closure with Velcro collar
- Heavy duty stitching
- Side pocket with Velcro closure for Allen wrench storage
- Duotone color (black outside/red inside)
- White silk-screened "Diamond-R" logo on face
- White silk-screened "Rockford Fosgate" logo on side
- Sold in pairs
