

# Spring Loaded Retracting Lifting Ring - Stud Fixing

From  
**£12.30**

Excl. Tax: £10.25

## Product Images

## Short Description

A pressure die-cast brass lifting ring. Available in either a polished brass or chromed brass finish. Stud fastening by two M4 bolts. Compatible fixings sold separately, see related products below for options (2x M4 screws required).

On request this product can be supplied in a Bruniton finish. Bruniton is a process similar to PVD, where a

substance made up of particle of PTFE (Teflon) are bonded onto the surface of a component under high pressure. The finish is very durable and suitable for exterior marine applications (available in matt black only).
