## Product Images

## Short Description

---

The PMX-0 ultra compact digital media receiver is IPX6 rated and uses a water resistant rotary encoder knob with white LED button illumination and front mounted sub level controls. It features Bluetooth audio streaming for Apple and Android products as well as auxiliary audio input and is the ideal choice for that small system media receiver.

## Description

---

The PMX-0 is a ground up designed ultra compact digital media receiver ideal for small systems and vehicles. This unit Features Bluetooth streaming audio connectivity for both Apple and Android based devices, RCA Auxiliary inputs as well as Front, Rear and Sub RCA output connections. Control is provided through the water resistant rotary encoder knob and white LED backlit buttons and provide instant sub level control at your fingertips.

The front panel is IPX6 rated for water spray intrusion and features a conformal coated PCB circuit board protecting the vital electronics. We further validate the unit with 500 hours of testing under both the ASTM B117 and D4329 testing standards to make sure it will hold up under years of daily use exposed to the elements.

- Bluetooth streaming audio (A2DP) protocol version 1.0 installed
- Simple Secure Pairing (SSP)
- Waterproof Rotary Encoder Volume Control
- White LED Button Illumination
- Front Panel Sub Control
- Voice Command Confirmation

- Rear AUX-In (L/R)
- Rear USB With 1A Charging Only
- Epoxy coated circuit board for water resistance
- Upgradeable Firmware and Bluetooth Software via USB
- Easy 2" Mounting Hole and Compression U-Clamp Mounting
- 2-Year Warranty

# Additional Information

Weight (kg)	0.540000
Manufacturer	Rockford Fosgate
Finish	Black
Speaker Outputs	No
USB Capacity	Charging Only
USB Output Current	1A
Fuse	3 Amps
Steering Wheel Control Ready	No
Multi-Function Display Compatible	No
Android Compatibility	Bluetooth® Only
Sirius XM Ready®	No
iPod / iPhone Compatible	Yes
AUX Input	Yes
Multi-Zone / Multi-Source	No
Pandora Internet Radio	No
Clock	No
Input Voltage	10.5Vdc - 16Vdc
IP Rating	IPX6
Cut-out Size (mm)	Ø52.00
Depth (mm)	38.10
RCA Output Impedance	500Ω
RCA Output Voltage	2 V
RCA Outputs	(1 pair) Front (1 pair) Rear (or Sub-out)
