Short Description

The PMX-2 compact digital media receiver is designed for marine and motorsports applications.

The PMX-2 features a 2.7" full color TFT display for optimum viewing - even in full sun - that is optically wet bonded to prevent any dust or moisture penetration. It is IPX6 rated and uses a water resistant rotary encoder knob with white LED button illumination and front mounted sub level controls. Additionally, with features such as Pandora control capabilities and Bluetooth audio streaming with album art support this unit becomes a true command center of any system.

Description

The PMX-2 compact digital media receiver is designed for marine and motorsports applications.

The PMX-2 features a 2.7" full color TFT display for optimum viewing - even in full sun - that is optically wet bonded to prevent any dust or moisture penetration. It is IPX6 rated and uses a water resistant rotary encoder knob with white LED button illumination and front mounted sub level controls. Additionally, with features such as Pandora control capabilities and Bluetooth audio streaming with album art support this unit becomes a true command center of any system. Android devices equipped with limited functionality. Please refer to owners manual for details.

Output flexibility comes with a 4x50W @ 2ohm internal amplifier or front and rear/sub output RCA's allowing the addition of after-market amplifiers for more power and output. Add-in the EEPROM memory system, custom GUI interface, and wired remote expansion capabilities and you have the only media receiver you'll ever need.

- ISO8846/SAE J1171 Ignition Protection Certified
- Pandora Internet Radio
- A2DP and AVRCP Bluetooth Wireless Streaming
- FCC, CE, IC, and C-Tick Certified
- Multi Region Radio Frequencies
- Low Voltage Warning Alert
