## Product Images

## Short Description

---

The PMX-CAN interface allows interconnection between a PMX-8BB marine source unit and a Multi-Function Display (MFD) system using the NMEA2K entertainment standard. This interface allows you to control basic functions of the source unit directly from select MFD (Multi-Function Display) partners such as play, pause, track up/ down and source change as well as more advance functions and source-specific options.

## Description

---

Larger marine entertainment systems are often centered around a multi-function display (MFD) unit using software configured using the NMEA2K standards. To better interface our PMX series of source units to these systems we have created the PMX-CAN interface module.

This module features a plug and play design allowing connectivity to our PMX-8BB hideaway digital receiver unit and these select MFD systems. The PMX-CAN translates commands from the MFD system into something the PMX-8BB understands allowing you to control the unit remotely while getting direct informational feedback regarding your audio selection and source.

The interface allows control of both basic and advanced radio functions such as power, volume and source selection as well as source-specific functions for the radio, Bluetooth, Pandora, SiriusXM and USB inputs. This allows you to make changes and adjustment to the audio system without having to go the source unit itself.

- Power On/Off control
- Input Source Selection
- Play/Pause, Track/Tune/Seek Up/Down Function
- Master/Subwoofer/Zone Volume Control

- Zone Source Selection/Renaming Capability
- Balance/Fade, EQ Preset Adjust, Filter Freq. Adjustment
- Compatible with a Multi-Funtion Display using NMEA2K entertainment standard. See our [MFD Compatibility Chart](#)
- 2-Year Warranty

## Additional Information

---

Weight (kg)	0.410000
Manufacturer	Rockford Fosgate
Finish	Black
Speaker Outputs	No
Steering Wheel Control Ready	No
Multi-Function Display Compatible	Yes
Sirius XM Ready®	No
iPod / iPhone Compatible	No
AUX Input	No
Pandora Internet Radio	No
Clock	No
