Short Description

A durable and reliable Elbow Handrail Fitting made from pressure die-cast brass, designed for use with 25mm handrails. Suitable for general marine or structural applications, this fitting is available in a practical polished brass or chromed brass finish. Made in Italy by Foresti & Suardi, it offers a simple and functional solution for connecting handrail sections.

- Pressure die-cast brass pulpit socket
- Internal diameter: 25mm

- Available in polished or chromed brass finish
