# Opening oval porthole made from anodised aluminium, tinted perspex

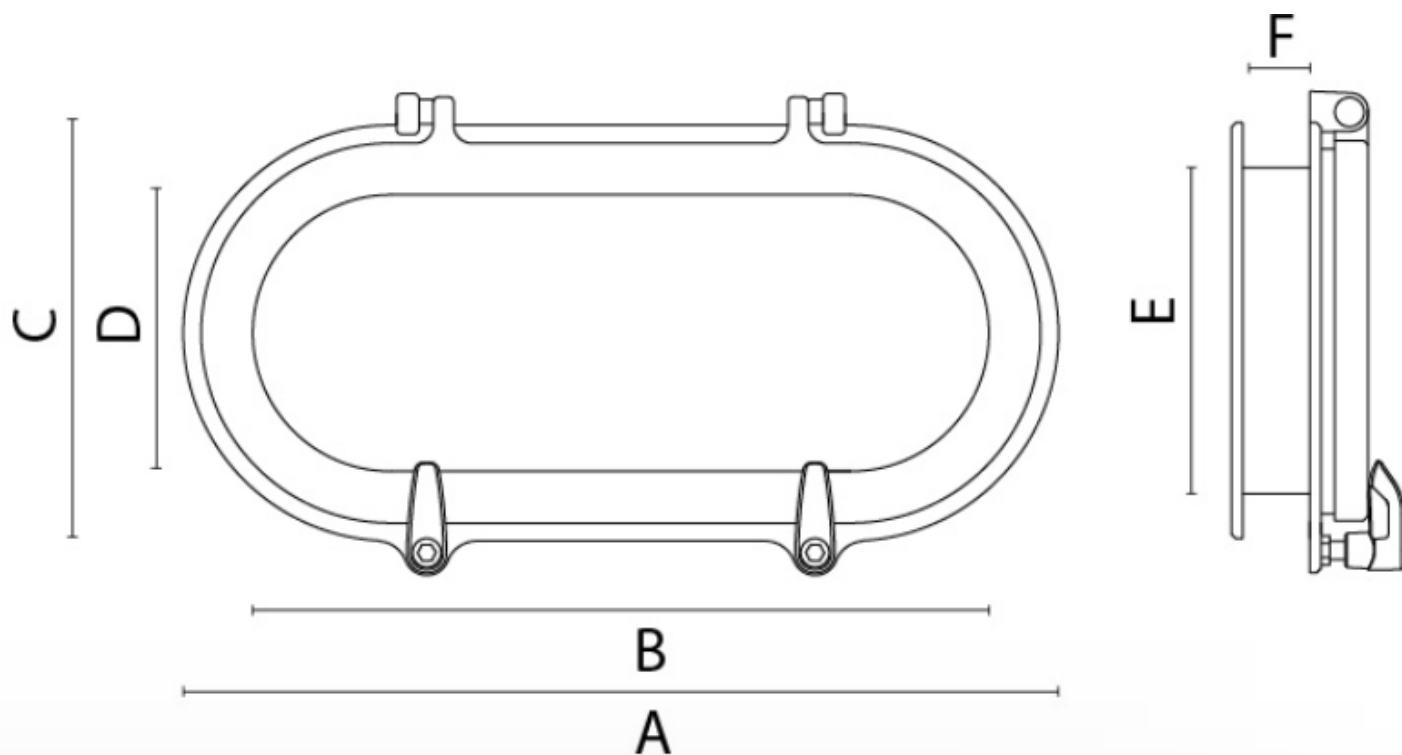

This opening oval porthole is a stylish and functional addition to any marine vessel, combining durability with practical design. Manufactured by Foresti & Suardi in Italy, this porthole is crafted from anodised aluminium, ensuring long-lasting performance even in the harshest marine environments.

- Available in three sizes to suit various needs
- CE marked, RINA approved, and conforms to ISO 12216
- Supplied with 7mm tinted PMMA Perspex for enhanced privacy and protection
- A removable white plastic mosquito net is available for 911A /911C models (sold separately models)
- Adjustable friction system allows for multiple open positions
- Locking mechanism with a pair of rotating handles for secure closure
- Simple design enables fitting to hulls with thicknesses between 20mm and 45mm, with no visible screws or rivets on the exterior frame
- Marine-grade neoprene seal ensures water-tightness in all conditions
- Made in Italy by Foresti & Suardi
