

# Bella GP Bar Stool - Height Adjustable

## Product Images

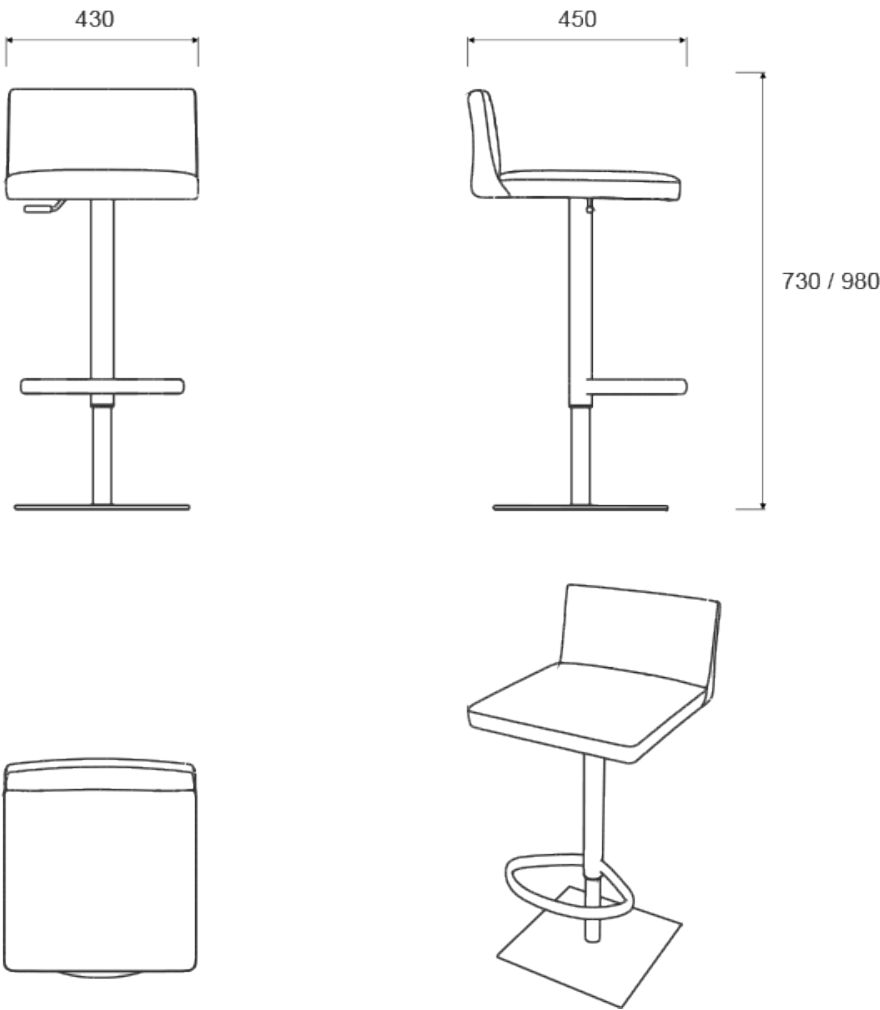

## Short Description

A height-adjustable stool with a metallic base and pneumatic handle, available in polished or dark chrome, the Bella GP is part of the Bella collection. The back is padded and upholstered in leather or fabrics from the Frag materials collection.

This bar stool is a free-standing unit and is suitable for interior use only.

With a perfect balance between beauty and comfort, the range of Bella chairs represents the archetypal leather-upholstered chair. This collection is distinguished by its linear features and a clean design, giving it a timeless charm.
