Short Description

The PM282 is a Punch 8" 2-way component system with a coaxially mounted tweeter featuring marine grade weather proofing technologies. Supplied in all white with a stainless steel sport grille.

Description

Rockford Fosgate's PM marine-grade standard takes into account the devastating effects of the outdoor environment and takes extreme measures to ensure optimum performance.

The Marine PM full-range speakers are perfect for anyone looking to add some PUNCH to their vessel, and will always sound great when listening to your music at the dock or while tearing up the waves at full throttle.

- True Marine Grade compliance
- UV stable Centrex™ 814 injection molded plastic parts
- Corrosion resistant gold plated polarized input terminals
- Injection molded mineral filled polypropylene cone body with UV inhibitors
- UV and Salt-Fog resistant TPE (Thermo-Plastic Elastomer) surround
- 1" (25mm) bridge mounted component grade coated aluminum alloy tweeter
- 18 gauge corrosion resistant removable Stainless Steel grille cover insert
- Fully insulated flex lead wire stitched under spider
- Spare terminal set for optional additional tweeters
- Moisture, tear and fatigue resistant Aramid fiber spider
- Linear, high excursion matched motor magnetics and suspension design
- Integrated 12dB/octave sealed crossover with integrated protection circuit
- Removable trim ring/grille
- Available in black or white
- 2-Year Warranty
