## Product Images

## Short Description

---

The PM282W-B is a Punch 8" 2-way wakeboard tower speaker enclosure featuring marine grade weather proofing technologies. Supplied with a stainless steel sport grille.

## Description

---

Rockford Fosgate's PM marine grade standard takes into account the devastating effects of the outdoor environment and takes extreme measures to ensure optimum performance.

The PM282W-B is a black 8" true marine grade speaker loaded into a sealed tight enclosure. The speaker features an 8" woofer and 1" bridge mounted tweeter in a high density poly-ethylene enclosure and protected by a stainless steel grille. Both speaker and enclosure are treated with UV inhibitors and conform to UV and Salt-Fog industry standards.

- True Marine Grade compliance
- High density poly-ethylene enclosure with UV inhibitors
- Quick release design for security and cleaning
- Includes safety lanyard
- Malibu® direct mount compatible
- Comes loaded with [PM282](#) marine speakers
- Optional C-clamp available fits bar sizes 1-1/2" to 2-3/4"
- Available in white
- 2-Year Warranty
