Short Description

The *Cassiopea 80RT Top* spotlight offers an alternative approach to spotlight design. Housed inside a mirror chrome rectangular tube, the LED modules produce a stunning >90 CRI output of light in various colour temperatures.

The *Cassiopea 80RT Top* spotlight is especially suited to installation over a particular focus point in a space such as a table, seating area or to illuminate a sculpture. The spotlight can be used in multiples to create a dramatic visual effect and the required levels of light.

Made entirely from marine-grade materials, the *Cassiopea 80RT Top* spotlight is designed to continue to perform for many years, regardless of the environmental conditions. The fitting must, however, be kept protected from water and is designed for interior application only.

- 10-30Vdc input
- >90 CRI Nichia™ LED chip in 2700K, 3200K or 4000K as well as red
- Remote voltage regulator installed on power cable can be easily removed if directly powering with required current
- Twin 3 Watt LED module arrangement
- Dimmable
- Chrome plated finish

Description

Below photometric data is for single LED module output as featured in the *Cassiopea 40 Q Top* spotlight. *Cassiopea 80 RT Top* spotlight features a double LED module arrangement.
