

P438 Infinity

Product Images

Short Description

The P438 Infinity is the seat of choice for many of our yacht manufacturer customers, offering incredible comfort, style and personalisation. The pilot seat can be customised to a large extent, with a choice of upholstery materials including customer own supply. Other customisable features include the option of integrating throttle controls, trackpads or joysticks into the seat armrests and a range of pedestal and footrest combinations.

The seat can be automatically adjusted in terms of seat back rake and, depending on the pedestal chosen, position and height ensuring that the most comfortable position possible can be achieved for a number of different users. The P438 Infinity offers excellent comfort and is a perfect partner for any voyage, short or long.

We encourage any prospective client to contact us to discuss their requirements so that we may be able to guide them through the purchase of this product and help select the options required.
