

Stainless Steel Fixing Bar For Bumper 150/160

£26.18

Excl. Tax: £21.82

Product Images

Short Description

This stainless steel pre-drilled bar is required for the correct installation of Bumper 150 / 160 PVC fender profiles. The bar is made from 316-grade stainless steel and is used to fasten securely the base profile elements of the Bumper rub rail to the installation surface. The top profiles of these two models of rub rail hide this stainless steel bar from view. The bar is sold per metre and is produced in 2 metre lengths.
