## Product Images

## Short Description

---

The osmotic membrane is the heart of any watermaker. This 2540 membrane is for Idromar Junior watermakers (MC1, MC2, MC3) and is located inside the large stainless steel membrane housings.

The following quantities are required for each watermaker model:

- MC1 - 1 unit
- MC2 - 2 units
- MC3 - 3 units
- MC4 - 4 units
