Short Description

A marine-grade stainless steel mobile phone holder with shock absorbing and rotating mounting pad. This holder will fit a wide variety of smart phones from 65mm - 90mm in width including models from Apple and Samsung.

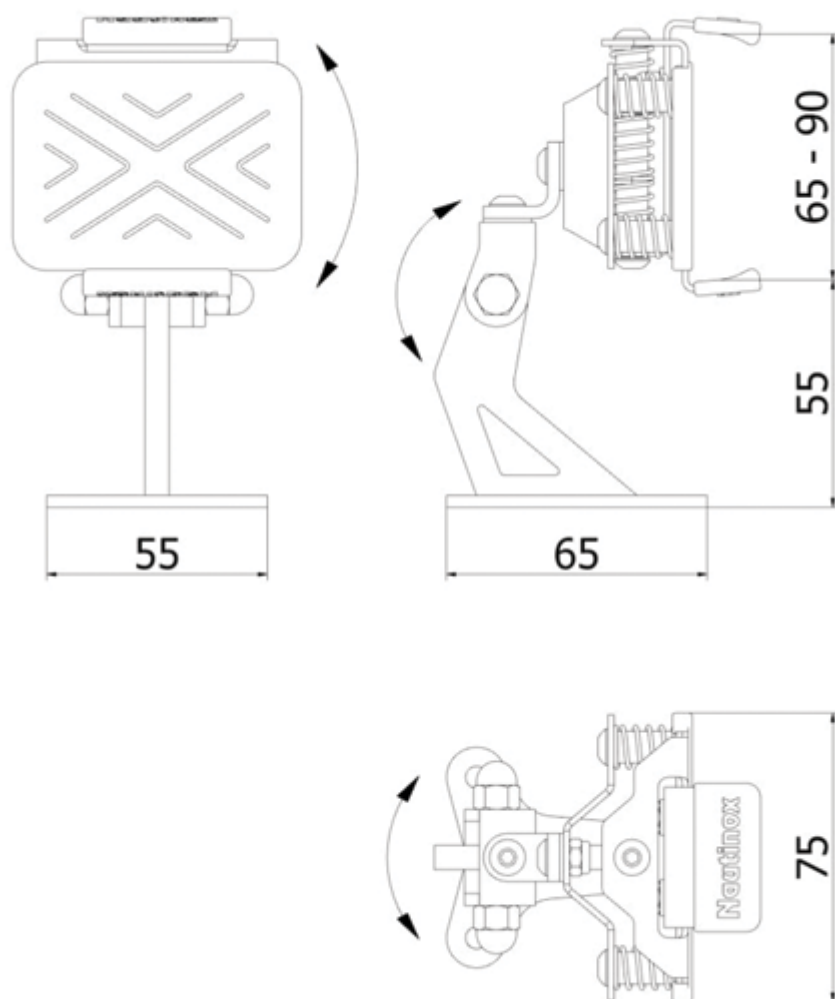

Please check your smart phone size before ordering.

Description

Smartphone holder in mirror polished AISI 316L stainless steel to be installed on boats and ribs, but also ideal for off road or rally vehicles.

Shock absorbing suspended mounting pad and multiple position adjustment: 360-degree multi-angle rotation and possibility of tilting at two different lpositions for optimal viewing angles. The 3D printed rubber protects your phone from lateral scratches and holds your smartphone firmly in place, even in case of vibration or rough seas.

A statement piece, all made from marine-grade stainless steel by hand in Italy.
