Short Description

The P446 Smile Pilot Seat is an elegant solution designed to offer maximum comfort while cruising. Equipped with a fixed backrest, and the option of a headrest, this armchair can be installed on various types of support, ensuring a pleasant and relaxing driving experience.

This pilot seat can be customised to a large extent, with a choice of upholstery materials including customer own supply. Other customisable features include embroidery details such as stitching pattern and inclusion of an embroidered logo as well as custom armrest solutions.

We encourage any prospective client to contact us to discuss their requirements so that we may be able to guide them through the purchase of this product and help select the options required.
