

Sprite XL - Vinyl

Product Images

Short Description

Sprite XL is a vinyl fabric with a textured surface. It is suitable for interiors and exteriors in various fields of application and does not contain substances that are harmful to health. No solvents are used during the production of this vinyl either in the dyes or in the surface finish. Its formulation contains anti-UV additives, anti-moulds, antibacterial and colour stabilisers.

Many of the *Sprite XL* colours are identical to colours in the *Navigator Silver Collection*, making the two materials ideal for texture combinations.

On request, *Sprite XL* can be supplied with a 3mm or 5mm foam lamination, making the product ideal for upholstering panels such as headlinings.

Sprite XL vinyl is sold and priced per metre with a minimum order quantity of 5 metres.
