Short Description

Constant voltage output

- AC input: 200-240VAC
- Built in PFC Function, Flicker Free
- Efficiency up to 88%
- Protections: short circuit/ over loading/over current/ over temperature
- Full protection plastic housing easy installation
- Cooling by free air convection
- Suitable for strip LED, profile lighting and lightboxes
- Low profile housing, only 18mm tall

Additional Information

| | |
|----------------------------------|------------------------|
| Weight (kg) | 0.190000 |
| Colour | White |
| Manufacturer | Ecopac |
| Wattage | 50W |
| Input Voltage | 200-240VAC |
| DC Output Adjustment | +/- 5% |
| IP Rating | IP20 |
| Operating Temperature Range (°C) | -20~+45°C |
| Dimmer | No |
| Safety Standards | EN613471, EN61347-2-13 |

Product Options

| | |
|-----------------|-------|
| Output Voltage: | 12Vdc |
| | 24Vdc |
