The Pergola Gussi steering wheel is a beautiful addition to any helm. Cast from 316 grade stainless steel, the wheel is not only gorgeous to look at but is designed to withstand the harsh marine environment. As standard, this model is available in black leather with a black leather centre.

- Polished stainless steel steering wheel with brushed detailing on spokes
- Available with upholstered black leather
- Universal fit - 3/4" tapered keyway
- 350mm diameter

## Description

---

The Pergola Gussi steering wheel is a beautiful addition to any helm. Cast from 316 grade stainless steel, the wheel is not only gorgeous to look at but is designed to withstand the harsh marine environment. As standard, this model is available in black leather with a black leather centre. It is our recommendation that leather wheels are fitted internally only.

The Gussi range of wheels come as standard with a 3/4" tapered key way fitting which is a very common wheel specification and should fit the majority of steering shafts. On request we are able to supply with a splined shaft (longer lead times may apply). We are able to adapt and change the finish to suit your requirements but please note that sometimes we do need a minimum order quantity to be able to make certain changes.

## Brushed Steel Detail

## Black Leather Upholstery
