

Click - Joint Connector With Cable

£5.32

Excl. Tax: £4.43

Product Images

Short Description

The joint connector is an essential building block for any *Click!* strip lighting system and this joint connector features a cable for installations where lengths do not need to be directly connected to one another. The connector is used to seamlessly join one *Click!* module to another. Simply remove the end cap from the *Click!* module and push the joint connector in its place.

Connector cable is 150mm in length.
