Short Description

Besenzoni has an unparalleled reputation for engineering excellence and innovation. The Besenzoni 'B' logo has become a sign of quality and exquisite design and is commonplace on the world's most prestigious yachts.

Now the Besenzoni brand presents a new product range. Inspired by years spent in the nautical sector, the new Besenzoni *Essenze* diffuser range brings a whole new sensory experience on board your yacht or to your home. The discrete electronic system is controlled by an app via your smart phone or tablet. Multiple settings can be chosen within the app and an evocative collection of premium *Essenze* fragrances can be chosen from.

The *Tower* is a freestanding model of the *Essenze* diffuser, there are two finishes and numerous colour

choices, a timeless leather wrapped version or a sleek aluminium finish.

Supplied with an EU plug and transformer for 240v mains power. For 12v applications an additional 12V Power Connection Cable is required and for 24v applications a 12V Connection Cable and Transformer is required.
